

REPORT

To: Chair and Directors

Date: February 11, 2019

From: Michael Blatz, North Peace Land Use Planner

Subject: OCP & Zoning Amendment Report – Bylaw No. 2359 & 2360, 2019, PRRD File No. 18-331

RECOMMENDATION: [All Directors – Corporate Unweighted]

THAT the Regional Board has considered the requirements of s. 475 of the Local Government Act and has provided opportunity for early and ongoing consultation with those persons, organizations and authorities the Board considers will be affected as summarized in this report; further that Official Community Plan Amendment Bylaw No. 2359, 2019, to amend the designation of PID 028-875-214 from Low Density Rural Residential (LDR) to Medium Density Rural Residential (MDR), be read a first and second time; further that Zoning Amendment Bylaw No. 2360, 2019, to rezone the same property from R-5 (Residential 5 Zone) to R-4 (Residential 4 Zone), be read a first and second time; and finally, that that a public hearing, delegated to the Director of Electoral Area C, be scheduled.

BACKGROUND/RATIONALE:

Proposal

To amend the subject property from Low Density Rural Residential (LDR) to Medium Density Rural Residential (MDR) within *PRRD North Peace Fringe Area OCP, Bylaw No. 1870, 2009* and to rezone it from R-5 (Residential 5 Zone) to R-4 (Residential 4 Zone) within *PRRD Zoning Bylaw No. 1343, 2001*. The applicants intend to subdivide the property into two 2 hectare parcels and give one to their daughter to establish a residence.

File Details

File No.:	18-331
Owners:	William & Jennifer Pollard
Area:	Electoral Area C
Location:	Tea Creek
Legal:	Lot 1 Section 25 Township 84 Range 20 W6M Peace River District PL EPP20134
Civic Address:	13469 279 Road Charlie Lake, BC
PID:	028-875-214
Lot Size:	4.00 ha (9.88 acres)

Site Context

The subject property is northwest of Fort St John, near the intersection of Highways 97 N and 29 N. There is one residence on the property and Tea Creek runs through its east side. The entire quarter section is designated Low Density Rural Residential in the OCP and has five home sites, including the applicants'.

Site Features

Land

The property is mostly cleared. Tea Creek runs through the property.

Structures

There is one single family dwelling and one out building on the property.

Access

The subject properties front onto 279 Road.

CLI Soil Rating

Soil on the property is a combination of 3_W & 5⁶_T4⁴_X. Class 3 soils have moderately severe limitations that restrict the range of crops or require special conservation practices. Class 4 soils have severe limitations that restrict the range of crops or require special conservation practices. Class 5 soils have very severe limitations that restrict their capability in producing perennial forage crops, and improvement practices are feasible. Subclass W denotes excess water; Subclass T denotes adverse topography; and Subclass X denotes soils with two or more adverse characteristics.

Fire Protection

The subject property is within the Charlie Lake Fire Protection area.

Comments & Observations

Applicant

The applicants intend to subdivide the parcel to create a new lot to gift to their daughter. They feel it would result in a logical extension of the rural residential development to the west and surrounding area.

Agricultural Land Reserve (ALR)

The subject property is not within the ALR. However, much of the remainder of the quarter section is in the ALR, as are quarters to the north, west, and south.

Official Community Plan (OCP)

The subject property is designated as Low Density Rural Residential within the PRRD *North Peace Fringe Area OCP, Bylaw No. 1870, 2009* (NPFA OCP). According to Section 4.3.3, Policy 11 of the NPFA OCP, the principal use of land with this designation will generally be limited to residential, home-based businesses, agriculture, and equestrian or kennel facilities. The minimum parcel size is 4 hectares (10 acres). While the proposed use, residential, complies with the NPFA OCP, the proposed parcel sizes of 2 hectares do not. Therefore an OCP amendment from LDR to MDR is required. The minimum parcel size for lands not connected to a community sewer system with the MDR designation is 1.6 hectares (4 acres).

The NPFA OCP is currently under review. In the draft NPFA OCP, the subject property is proposed to be designated as MDR, according to Schedule B Map 13 (Draft). Therefore, the proposal complies with the most recent draft OCP and an amendment would not be required if the draft were adopted.

Land Use Zoning

The subject property is zoned R-5 (Residential 5 Zone) pursuant to PRRD *Zoning Bylaw No. 1343, 2001*. While the proposed residential use is permitted in the R-5 zone, the proposed parcel sizes of 2 hectares are smaller than the minimum of 4 hectares (10 acres). Therefore a zoning amendment from R-5 to R-4 is required. The minimum parcel size in the R-4 zone is 1.8 hectares (4.5 acres).

Permit Areas

The subject property is within the Mandatory Building Permit Area and the School District 60 School Site Acquisition Charge Area. It is outside PRRD's Development Permit Areas and Development Cost Charge Areas.

Impact Analysis

Context

The quarter section is flanked by Medium Density Rural Residential to the east and west, which is mostly developed. The quarter is flanked by Low Density Rural Residential to the north and south, which is mostly undeveloped. The proposal is consistent with the residential character of the area.

Population & Traffic

A small increase in population and traffic is anticipated, should the proposed OCP and rezoning amendments and subsequent subdivision be approved.

Sewage

If approved, the new residential lot will require a sewage system approved by Northern Health. The applicant intends to use a lagoon.

Comments Received from Municipalities & Provincial Agencies

Chetwynd, Hudson's Hope, Pouce Coupe, Taylor, Tumbler Ridge, MoFLNRORD, Northern Health & SD 60
No response received.

Dawson Creek & Fort St. John

Interests unaffected.

Charlie Lake Fire Department

No concerns with the rezoning and it should have little impact to service.

MoTI

The property falls within Section 52 of the Transportation Act and will require Ministry of Transportation and Infrastructure formal approval. The Ministry has no objections to the proposal for the zoning bylaw amendment. The Ministry has received and is currently reviewing the subdivision application for a two (2) lot subdivision for the property.

Re: Subdivision Application
W.T & Jennifer Pollard

Peace River Regional Board of Directors;

We feel that this piece of land would be a very logical extension of the rural residential now in place to the west, being Tee Creek Estates and other rural residential in the surrounding area with out causing any paticular precdent.

Access to the proposed lot would be off of 279 rd, with Hydro, Natural Gas and Telephone already installed on the right of way of 279 rd.

The property is within the Charlie Lake Fire Protection Area, this being very important for safety and insurance purposes.

We have attached a scale map for your perusal, and as you can see, very little would change as to the ascetics.

Thank you for your consideration.

Respectively, submitted,

Jennifer & Bill Pollard

Hello Michael,

In reference to property above, the Charlie Lake Fire Department has no concerns with the re-zoning from Zone 5 too Zone 4.

Understanding the re-zone request, this should have very little impact to our services.

Sincerely yours,

Chief Edward Albury

Attention: Michael Blatz, North Peace Land Use Planner

The Ministry of Transportation and Infrastructure (MoTI) has received and reviewed your referral of January 7, 2019 to amend the subject property's Official Community Plan designation from Low Density Rural Residential to Medium Density Rural Residential and its zoning from R-5 (Residential 5 Zone) to R-4 (Residential 4 Zone). The property falls within Section 52 of the Transportation Act and will require Ministry of Transportation and Infrastructure formal approval.

The Ministry has no objections to the proposal for the zoning bylaw amendment. The Ministry has received and is currently reviewing the subdivision application for a two (2) lot subdivision under MoTI file 2018-06853. The proposed layout as submitted is not guaranteed as it is dependent on review and approval by the Provincial Approving Officer.

Thank you for the opportunity to comment. If you or the applicant has any questions, please contact me at (250) 787-3335 or by email at Jennifer.Dyer@gov.bc.ca
